

GROUPING AND REWRITING IDEAS – Option 2 Issues

See if you can come up with a series of general groups for your information. List these under a number of general headings.

Example

- The importance of zoos
- The importance of zoos as places of entertainment
- Gaps in previous research
- Implications for zoos as places of conservation
- Zoos as a 'natural' environment

These headings are not fixed. As you redefine the topic, some (or all) of the headings might be deleted. They are here to help you focus your thoughts during the planning stage.
